

Benny, Carla and Daniella each picked up a bargain in the January sales with all three items having a reasonable saving on the original selling price - the biggest being \$11.50. From this information and the following clues, for each buyer, can you determine the item they bought, the color and the amount saved on the original selling price?

- The blue jacket was not bought by Benny.
- Daniella was pleased to have \$9.00 knocked off the item she bought.
- The red item had more knocked off than the umbrella.
- The trousers did not have \$5.00 knocked off and were not bought by Benny or Carla.
