

Three buccaneers, taking part in the profession they love and each having a disability from previous encounters, set sail yet again in search of treasure, each in a different direction, but to their dismay, get marooned for a long period of time. How and when they were rescued is not known. From this information and the following clues, for each buccaneer, can you determine his disability, the name of his ship and how many years he spent marooned?

1. The Saucy Sue is not the ship of the buccaneer who lost his left hand and who spent 4 years living on coconut milk and fish.
2. The buccaneer with only one eye spent the longest time marooned but was not Captain Stump.
3. Mean Mike lost a leg after a cutlass wound went septic.
4. Grey Beard's ship is called Big Bess.
