

The streets of Puzzleville are falling to pieces and residents are up in arms. To solve this problem the Mayor has decided to fix them all within a 5 month timeframe. The only problem the Mayor has is figuring out how much to budget for each street, and which foreman to put in charge of each project. After much consideration, the Mayor made his choices. It is up to you to figure out how much each streets repair budget is, the month in which it is due to be started and which foreman will be in charge of each project.

- The Fuller Ave project won't be managed by Frank Shooty.
- The job starting in July will have a budget of \$30,000.
- The Young Drive project doesn't start in June.
- The Rembrandt Way project begins 2 months before Cat Banks' project.
- Of the \$40,000 project and the job starting in May, one will focus on George Street and the other will be headed by Henry Locks.
- Neither the \$40,000 project nor the project starting in August will be managed by Derick Steel.
- Henry Lock's project begins 3 months before the \$38,000 project.
- Neither the job starting in September nor the job starting in August is the Young Drive project.
- The Rembrandt Way project begins 1 month before the \$50,000 project.
- The Fuller Avenue project doesn't start in June.
