

## Church Visits - Logic Puzzle

Siblings Rose, Tom and Sam each went to a different church to attend Holy Mass or service on Christmas Day. These Churches are St. Edna, St. Michael, and St. Andrew. They are located on North Avenue, South Avenue, and Church Avenue, and the services were held at 9:00 am, 9:15 am, and 9:30 am but not necessarily in the respective order. From this information and the following clues, for each sibling, can you determine which church they attended, the avenue on which the church is located and the time of the service?

1. Sam did not go to the church on North or South Avenue but went to the 9:00 am service.
2. St. Edna's Church is not located on South Avenue.

3. Tom went to St. Michael's Church.
4. Rose went to the church on South Avenue at a later time than Tom.

		Church			Location			Time		
		St. Edna	St. Michael	St. Andrew	North Ave	South Ave	Church Ave	9:00 am	9:15 am	9:30 am
Sibling	Rose									
	Tom									
	Sam									
Time	9:00 am									
	9:15 am									
	9:30 am									
Location	North Ave									
	South Ave									
	Church Ave									

Sibling	Church	Location	Time
Rose			
Tom			
Sam
