

Holiday Tours - Logic Puzzle

Two brothers - Hewey and Lewey - and their younger cousin Dewey are tour operators, each controlling one of Gowithuz Tours, Thereanbak Tours or Upanaway Tours. During this holiday season, many tour operators have 'Special Holiday Packages' on offer and Gowithuz, Thereanbak and Upanaway are no different. Each is offering the same per person, all-inclusive, price return trip but to a different island destination of Lazeaway, Sun Tropique or Trop Icana where you can enjoy either one night's additional hotel accommodation, a scenic tour of the island, or a bay cruise as an optional. From the clues, for each tour operator, can you determine the name of his company, the island destination of the trip, and the optional?

1. Hewey owns neither Gowithuz Tours nor Upanaway Tours nor is the trip to Trop Icana.
2. The younger tour operator is offering a bay cruise as an optional but does not operate Upanaway Tours.
3. The one night's additional hotel accommodation is not being offered with the Trop Icana trip.
4. Lazeaway will not be visited by either Gowithuz Tours or Thereanbak Tours.
5. Travelers will be excited to take a tour of the best beaches on Sun Tropique.

		Company			Destination			Optional		
		Gowithuz	Thereanbak	Upanaway	Lazeaway	Sun Tropique	Trop Icana	Hotel	Tour	Cruise
Man	Hewey									
	Lewey									
	Dewey									
Optional	Hotel									
	Tour									
	Cruise									
Destination	Lazeaway									
	Sun Tropique									
	Trop Icana									

Man	Company	Destination	Optional
Hewey			
Lewey			
Dewey
