

Lunchtime Banking - Logic Puzzle

At lunchtime today three employees from the Gadget Factory went out to do their banking. The town isn't a large one but it does boast three banks and a like number of credit unions so it wasn't unusual that all three employees used a different bank or credit union. While all made deposits, each was made a to a different type of account. From this information and the clues provided, determine the the name of the bank or credit union they went to, the street it was on, and the type of account into which they made their deposit.

1. Elliot went to South Street to make his deposit but not at the People's Choice Credit Union.
2. Cindy had a savings account but it wasn't in the bank on Main Street nor the Citizen's Credit Union.
3. The two credit unions were the one on Rockland Street and the one that held an employee's money market account.
4. The employee whose last name was Ranger didn't use a credit union to deposit money to his checking account.
