

## Movie Buffs Associated - Helen Mirren - Logic Puzzle

Every week since its inauguration, the local Movie Buffs Associated have shown a series of movies chosen by a selection panel, determined annually by a ballot of members, in the Municipal Offices function room each evening from Monday to Friday, and starring a particular actor/actress. The selection panel for the current year is Sally Boyden, Mark Thomson, Jessica Farmer, Laurie Davison and Mary Peters.

Last week their choice was Helen Mirren, and the films chosen - one per member - were Red 2 (2013), Caligula (1979), Calendar Girls (2003), The Last Station (2009), and Love Ranch (2010) but not respectively, and neither were they shown in that order, nor in the order in which they were released. Showing time differed each evening. From this information and the following clues, for each member, can you determine who chose which film, the day on which it was shown, and at what time?

1. Mary's choice of Caligula rounded off the week.
2. None of the women chose The Last Station or the 2013 release.
3. 8:15 pm was the time of the last showing.
4. The time difference between the showing of Mark's choice and The Last Station was 45 minutes.
5. Jessica chose either Love Ranch or Calendar Girls.
6. The mid-week showing was the the latest.
7. The two showings before 8:00 pm, one of which was on Tuesday, were Sally's choice and that of Mr.Davison.
8. Of the three earliest releases, the women had two and the other was shown on Thursday.
