

## Movie Buffs Associated - Jane Fonda - Logic Puzzle

Every week since its inauguration, the local Movie Buffs Associated have shown a series of movies chosen by a selection panel, determined annually by a ballot of members, in the Municipal Offices function room each evening from Monday to Friday, and starring a particular actor/actress. The selection panel for the current year is Sally Boyden, Mark Thomson, Jessica Farmer, Laurie Davison and Mary Peters.

Last week their choice was Jane Fonda, and the films chosen - one per member - were Barbarella (1968), The Butler (2013), Monster-in-Law (2005), Klute (1971), and On Golden Pond (1981) but not respectively, and neither were they shown in that order, nor in the order in which they were released. Showing time differed each evening. From this information and the following clues, for each member, can you determine who chose which film, the day on which it was shown, and at what time?

1. The week opened with the showing of the 1981 release, chosen by Sally.
2. There was a one hour time difference between the Monday showing and the Friday showing.
3. Of Miss Peters' and Mr. Davison's choices, one was shown on the second day, the other on the fourth day.
4. Klute, which showed at 7:25 pm was not the choice of any of the women.
5. Jessica was the only woman who had a showing before 8:00 pm.
6. Neither of the men chose the 2005 release which was shown at the earliest time.
7. Barbarella had an earlier showing than The Butler, which was chosen by one of the women.
