

Music Lovers - Logic Puzzle

Yesenia, Savannah and Adam, from different age groups, all live within 20 miles from the city centre and share the love of music, but not the same style. From this information and the following clues, determine the age group to which they belong, who loves which style, and where they live.

1. The person who lives within 10m is not Savannah and loves Jazz.

2. The person who loves Jazz is half as old as the person who lives within 5m.

3. The person who lives within 20m lives furthest from Adam.

4. The lovers of Jazz and Classical live 5m apart.

		Age Group			Music Style			Distance		
		35-45	55-65	75-85	Jazz	Blues	Classical	Within 5m	Within 10m	Within 20m
Name	Yesenia									
	Savannah									
	Adam
