

## Remodeling Fun - Logic Puzzle

Four couples recently came into a small inheritance and decided that the money would be put to the best use by remodeling a room in their house. Each couple lives in a different city and has decided to remodel a different room. Using the clues, can you figure out each couples name (first and last), the city they live in and the room they decided to remodel?

1. Paul and his wife decided that their kitchen needed a serious remodel. Jack, who lived in Dallas, wasn't married to Sasha. Franks last name wasn't Johnson.
2. The couple who decided the Den would be the best place to begin lived in Detroit.
3. Peter, who's last name wasn't Engle, was married to Jenny.
4. The Jackson couple lived in San Jose, but they did not remodel their dining room.
5. Paul and Claudia were not one of the couples. Stephany Smith did not have her Den remodeled.
6. The Engles had their bathroom remodeled, but they didn't own a house in Tampa.

		Woman				Surname				City				Room			
		Stephany	Claudia	Jenny	Sasha	Smith	Johnson	Engle	Jackson	Detroit	Dallas	Tampa	San Jose	Dining Room	Kitchen	Den	Bathroom
Man	Jack
