

## Retirement Vacation - Logic Puzzle

Three employees of the same company retired at different times, spent a well-earned, two-month vacation at different tourist resorts, staying at the resort hotel. From this information and the following clues, for each employee, can you determine the date when they retired, the tourist resort they visited, and the hotel at which they stayed?

1. The employee who retired on 15 September stayed at the Crown Hotel.
2. The employee who went to Paradise Sands left after Lily but did not stay at the Crown Hotel.
3. The employee who retired before Lily did not stay at the Royal Hotel.
4. Heidi's last day was not 26 February.
5. Lily did not go to Pebble Beach.

|          |               | Last Day |         |        | Location      |              |               | Hotel    |       |       |
|----------|---------------|----------|---------|--------|---------------|--------------|---------------|----------|-------|-------|
|          |               | 26 Feb   | 15 Sept | 21 Nov | Paradise Sand | Pebble Beach | Sunshin Para. | Majestic | Crown | Royal |
| Name     | Heidi         |          |         |        |               |              |               |          |       |       |
|          | Leo           |          |         |        |               |              |               |          |       |       |
|          | Lily          |          |         |        |               |              |               |          |       |       |
| Hotel    | Majestic      |          |         |        |               |              |               |          |       |       |
